**EDUCATION PROGRAMS:**

The Pickaway County Office of Ohio State University Extension is an outreach of The Ohio State University. Educational programs include:

**4-H Youth Development.**

Programming focuses on the environment; the economy; family, individual and youth development; and leadership. Our practical educational programs are based on the needs of local citizens and communities, new research results and technical information. Programs in Pickaway County emphasize the development of life skills and leadership skills in youth exploration, relationship enhancement, decision making, and self-esteem.

**Agriculture and Natural Resources.**

Education in areas such as farm business management, efficient livestock and crop production, water quality, conservation of our natural resources, safe management of pesticides and fertilizer, home and urban horticulture and related subjects.

**Family & Consumer Sciences.**

Our program area focuses on improving family well-being through education in a variety of areas including parenting, child care, personal development, improving relationships, aging, food safety and security, health and wellness, nutrition, financial security and stability, and employment success. We have free or inexpensive information sheets on a variety of topics and offer classes to the community. Classes include Dining with Diabetes, New Start for Financial Success and Worksite Wellness Networking. We distribute a bi-monthly newsletter called "Contemporary Living".

**New Start for Financial Success.**

A two hour debtor education class for those filing bankruptcy. This meets the requirements for debtor

education from the Department of Justice.

**Community Development.**

Link the county with resources of Ohio State University in areas including economic development, leadership education, water quality, composting, home-based business, land use, and others.

**Family Nutrition Program.**

Helps people with limited resources learn how to use the dietary guidelines, and My Pyramid; use good meal management and food safety practices; use good shopping strategies to cut costs; use commodity foods and incorporate foods into family meal plans. Contact the Nutrition Program Coordinator at 740-474-7534.

**PURPOSE:** Head Start is a comprehensive program designed to foster the healthy development of young children from low-income families.

**PROGRAMS:**

**Part-Day Center-Based Program**

A part-day preschool program, operating Monday through Thursday of each week for 3.5 hrs. per day. This program option operates nine months of the year Sept.-May

**SERVICES:** Head Start is a federally funded program providing a comprehensive early educational program for preschool children and their families. Children ages three to five attend centers in Circleville, Ashville and the Westfall area. The curriculum is aligned to the Ohio Department of Education's Early Learning Content Standards, and through individualized planning the program helps prepare children socially and academically for kindergarten. In addition, children receive speech, hearing, vision, and dental screenings and follow-up services, nutritious lunches and snacks. While enrollment is targeted primarily for children whose families have income at or below the Federal poverty level, a percentage of over-income families can enroll based on identified needs.

The Head Start program seeks to break the cycle of poverty and help families become and stay self sufficient. Head Start recognizes that each parent is the child's first and most important teacher and that parents are a valuable resource to the community. The program encourages parent involvement. Staff and parents work as partners to meet the needs of the child. Head Start provides family support services to assist families in seeking resources within the community to help break down barriers to self sufficiency.

**ELIGIBILITY:** Enrollment for ages 3-5 years by August 1. Family must meet income guidelines based upon income earned for the past twelve month period. 90% of funded slots are filled with low-income families. The remaining 10% may be filled with families who exceed the poverty guidelines. Foster children are automatically eligible.

**PICCA Preschool and Extended Day Services**

Full-time preschool childcare services are available to families 12 months a year. The center opens as early as 7:00 am and operates until 6:00 pm Monday through Friday. Transportation is not provided for this program. Full-day childcare is available at the Ashville Head Start Center. This program, in particular, is beneficial to families who are working or attending school. This is a fee-based program that operates twelve months a year and managed by the Head Start Program. Families may qualify for childcare assistance through Child Care Choices (a department of Job and Family Services).

**NAME:** Representative Payee Services

**ADDRESS:** PICCA, P.O. Box 67, Circleville, Ohio 43113

**CONTACT:** Stephanie Haimerl, (740) 477-1655 x212

**SERVICES:** As a Representative Payee, PICCA will be responsible for receiving the beneficiary's monthly check and to keep track of what is spent on the beneficiary's behalf deciding how benefits can best be used for his or her personal care and well-being. For a small monthly fee, which is set by the Social Security Administration and other fixed income sources, PICCA will work with customers that receive Social Security or other fixed incomes who reside in Pickaway County to design a budget that meets his or her needs. The customers' income check is direct deposited into an interest-bearing bank account designated for PICCA Payee Services. The funds are disbursed first for shelter expenses such as rent, utilities, and food, then budgeted accordingly for other expenses the customer may have. Spending money is provided for the beneficiary, based on what the budget allows after monthly obligations have been paid. PICCA will encourage customers to develop budgeting and money management skills with the hope that some customers might eventually be able to manage their funds independently. PICCA accountants will provide bookkeeping for each beneficiary in the agency's software system. Bank statements will be checked against the software reports for accuracy.

**SERVICES:** A community agency school or parent

recognizes that a child could benefit from the coordinated efforts of an individualized TEAM. The selected members of the TEAM, including the parents attend a meeting where a written action plan is developed and attainable goals are set with follow-up to determine if the plan is working or if it needs to be changed. Limited funding is available for activities written in the plan with time lines of when they should take place.

**MISSION:** Our mission is to be the leader in workforce development services providing customers with the means to meet their various workforce goals through professionalism, flexibility, and innovation. Workforce Services Unlimited Inc. can provide customized training for agencies that desire more specialized workshops such as;

- Workforce Investment Act (WIA) Law, Regulations and National Emergency Grants(NEG)
- Learning Styles/Classroom Management Skills
- Job Development, How to Engage the Employer Community

Dropout Recovery Program is offered to youth ages 16 – 21 who have not completed high school and are seeking help earning their GED. Also run summer youth employment programs and year-round work-experience programs.

Consultation Services are available to all customers in the Workforce Development arena. Our services are not only in the area of policy guidance and technical assistance to local elected officials and workforce policy boards as identified under the Federal Workforce Investment Act, but also in the areas of request for proposed development, response, RFPs, grant writing, and creation of core, intensive and training services under WIA. In the area of dislocated worker as customer and the sensitive issues of plant closings and downsizing, having worked with numerous plant closures, we can assist from Warn notice receipt until the last person is again employed. We will help you do it right and keep all customers happy! In the State of Ohio, we can provide direct guidance on understanding and adhering to Ohio House Bill #470, adopted in October 1999 as the State's comprehensive workforce development reform legislation, prior to WIA implementation 7/1/2000. Additionally, we have the capacity to assist with the application of technology usage to workforce development needs through staff training, hardware installation/networking, and

software installation, as well as website development, especially in a customized one-stop environment. In the area of multiple fund sources, with confusing rules, but common goals and objectives, we can help you navigate through WIA, TANF, and General Fund resources to achieve win-win relations through resource leveraging. Call or contact us today for solutions to your workforce development issues or concerns.
